

IMPORTANT NOTE for MICRODRIVE USERS

Due to a lack of workspace, the DISCSAVE program on the PTM cassette will not save the overlays to Microdrive. We suggest you transfer them manually thus:

```
CLEAR 24999
LOAD "PAWOVR  P" CODE 25000 (to load "PAWOVR  P")
SAVE *"m";1;"PAWOVR  P" CODE 25000,5135
LOAD "PAWOVR  T" CODE 25000 (to load "PAWOVR  T")
SAVE *"m";1;"PAWOVR  T" CODE 25000,5135
LOAD "PAWOVR  M" CODE 25000 (to load "PAWOVR  M")
SAVE *"m";1;"PAWOVR  M" CODE 25000,5135
```

Make sure you include the **three** spaces between the PAWOVR and the letters P, T and M.
